The Joblogic Mobile App uses GPS tracking so we can show your schedulers the live location of each engineer. This is really useful for checking timesheets and allocating the best person to a job based on location and skill. Lots of our customers have found that they can pay for Joblogic Mobile by saving on the costs of vehicle tracking.

### **Mobile Engineer App | Joblogic - Free Trial**

A tool for reverse engineering 3rd party, closed, binary Android apps. It can decode resources to nearly original form and rebuild them after making some modifications. It also makes working with an app easier because of the project like file structure and automation of some repetitive tasks like building apk, etc.
